1. This is in response to your memorandum of 12 May 1978 concerning OLC records retention requirements lists.

STAT

2. I discussed this matter with [REDACTED] and we agreed that we continue the arrangement as now exists. We will provide Congressional letters on request as received and the names therein are to be added to our list. This is the only practical procedure at this time since the names are subject to extensive checks. This principally concerns the House Select Committee on Assassinations.

3. When document destruction is resumed on 31 December 1978 we will have by then identified those documents related to the HSCA investigation which are to be segregated and maintained. The remaining documents will be returned to files for such disposition as Agency regulations require.
